#### **About Fortius**

The Fortius Group is the UK's leading private orthopaedic and sports injury group. Founded in London by a group of leading Orthopaedic Surgeons and Radiologists, with a shared vision of building a worldwide centre of excellence in musculoskeletal care. Their vision was to create a clinic that would bring together the country's leading experts in orthopaedics and sports injury treatment, with a shared commitment to advancing the science of medicine and a better patient experience.

That group of experts now includes over 80 leading specialists, with two outpatient and diagnostic clinics, a surgical centre and an innovative inpatient unit for joint replacement surgery, in partnership with Bupa.

#### **Overall Purpose**

This post would be ideally suited for a radiographer wishing to develop their orthopaedic imaging experience. Fortius Clinic Imaging is currently delivered at three sites, Fortius Marylebone, Fortius Wimbledon, Fortius City and Fortius Surgical Centre.

#### **Principal Accountabilities**

1. Provide a timely, efficient and courteous provision of radiographic services to the agreed standards of the department, taking account of the patient/clients clinical, physical and cultural needs.
2. Act as an Operator under the IR(ME)R Radiation Regulations and assess the clinical justification of referrals to ensure that the benefit to the patient outweighs the radiation risk associated with the examination.
3. To ensure the safety of all patients and personnel within MRI and the X-ray department.
4. To acquire diagnostic images, and physically position the full range of patient presentations, accurately for examinations, taking into account patient limitations and adapting standard techniques where necessary.
5. Maintaining a high level of technical and theoretical skills through personal CPD.
6. To be able to set up and clear a basic sterile trolley for interventional procedures.

7. To be familiar with the range of technical applications available on imaging equipment.
8. Undertake any other duties as required by the line manager.

**Equality & Diversity**

All Fortius employees must have respect for every individual, treating everyone with dignity, courtesy, fairness and consideration, and welcoming and accepting differences between people. It is the responsibility of every employee to work towards the elimination of all discrimination and prejudice.

**Health & Safety**

All Fortius employees have a statutory duty of care for their own personal safety and that of others who may be affected by their acts or omissions. Employees are required to co-operate with management to enable Fortius to meet its own legal duties.

**Infection Control**

It is the responsibility of all staff to recognise their role in maintaining a safe environment for patients, visitors and staff to minimise the risk of avoidable Healthcare Associated Infection. Employees are responsible for ensuring that they are fully aware of the Fortius Infection Prevention and Control policies.

**Quality Governance**

All Fortius employees must adhere to Fortius policies and procedures and seek advice on these when in doubt as to their scope and applicability.

Employees are specifically reminded that they must respect the confidentiality of all information they have access to during their employment including personal data.

*This job description is intended as a guide to the general scope of duties and is not intended to be definitive or restrictive. It is expected that some of the duties will change over time and this description will be subject to review.*

**Values**

All Fortius staff are expected to display and aspire to the Fortius Values.

**Making it Happen**

Be proactive in reviewing the current service, making recommendations and implementing changes to continuously improve the patient journey.

**Stronger Together**

Work in partnership with the multi –disciplinary team to challenge and influence clinical and managerial decision making.

**Personalised Service**

Deliver a patient centred service, provide patients with information regarding their care and treatment.
