

Let's talk **SmartRobotics™**

Mako Partial Knee

Save the date

Short-stay Uni condylar knee replacement:
A surgical and anesthetic team approach

Thursday 15th April 2021, 18:00 - 19:00 UK
19:00 - 20:00 CET

Faculty:

Mr David Houlihan-Burne
Fortius Clinic, London

Dr Con Papageorgiou
Fortius Clinic, London

Who is the webinar for?

Knee surgeons and anaesthetists with an interest in moving towards day-case surgery for partial knee replacement procedures.

Webinar overview

Mr Houlihan-Burne and Dr Papageorgiou will discuss how they have incorporated a Mako SmartRobotics™ surgical approach with a refined anaesthetic protocol in order to progress towards day-case surgery for partial knee replacement procedures. We love interaction. We encourage delegates to submit questions to the faculty during the session.
