

Our joint replacement consultants

A centre of excellence

Our consultants use the latest techniques for hip and knee joint replacements and hold regular subspecialty meetings to discuss complex cases and agree on the most effective course of treatment.

Many of our consultants use robotic assisted technology to perform hip and knee joint replacements. Fortius Clinic London is the only private centre in the UK to have two Mako robots enabling us to provide more options for our consultants and our patients.

Book an appointment or make a referral to a hip and knee joint replacement consultant

📞 0203 195 2442

✉️ appointments@fortiusclinic.com

Our Appointments team is available from Monday to Friday from 8am-8pm

Refer a patient via our online referrer form at
